

APTITUDE BUDDY CLUB

A programme by
TOUCH Youth Enablement, a service of
TOUCH Community Services

Aptitude Buddy Club

Aptitude Buddy Club (ABC) provides an inclusive community amongst youths with different abilities, and develops their strengths to make them future-ready.

Hosted at Aptitude, ABC seeks to support students through the following areas:

- Offering opportunities to develop future-ready competencies.
- Developing relationships, enhancing teamwork, and improving community living skills with peers.
- Cultivating a growth mindset to overcome challenges with resilience.

At the end of the programme, youths are invited to participate in other activities organised by Aptitude to help them stay connected and engaged in school.

FAQs

When and where will the activities be conducted?

Bi-weekly on-campus activities take place on Friday afternoons, with transportation provided for off-campus activities.

What happens if the programme coincides with the school commitments?

The school's lessons would take priority over the programme.

How long is the programme?

Aptitude Buddy Club is a two-year programme that helps to improve the skills and abilities of youths through two-hour biweekly sessions. Upon completion, youths will receive a testimonial that can be used for job or school applications.

Aptitude

Aptitude is a youth enablement centre based in ITE College East, College Central and College West.

We befriend and mentor youths through enjoyable and interactive activities which foster positive relationships.

We coach and train youths to improve their self-awareness, communication skills, and peer-to-peer relationships.

We offer industrial trainings and service-learning projects to youths, providing them with opportunities to apply their knowledge.

Who we are

Aptitude and its programmes are run by a team of passionate and dedicated youth workers from TOUCH Community Services seeking to empower youths from the Institute of Technical Education (ITE).

Our mission

To engage, enrich and empower students to be future-ready.

Our approach

Establish a community among students and opportunities for technical and socioemotional development.
